

Ukoliko prvi put pristupate Portalu sa Mozilla Firefox, potrebno je da kliknete na

I Understand the Risks(Razumem rizik),nakon toga **Add Exception** (Dodaj izuzetak) na dnu stranice (prikazano na slici dole)

This Connection is Untrusted

You have asked Firefox to connect securely to **portal.croso.gov.rs**, but we can't confirm that your connection is secure.

Normally, when you try to connect securely, sites will present trusted identification to prove that you are going to the right place. However, this site's identity can't be verified.

What Should I Do?

If you usually connect to this site without problems, this error could mean that someone is trying to impersonate the site, and you shouldn't continue.

Get me out of here!

► Technical Details

1

I Understand the Risks

If you understand what's going on, you can tell Firefox to start trusting this site's identification. **Even if you trust the site, this error could mean that someone is tampering with your connection.**

Don't add an exception unless you know there's a good reason why this site doesn't use trusted identification.

2

Add Exception...

Nakon toga će se pojaviti nova poruka **Add Security Exception**, prikazano na slici dole, neophodno je da kliknete na **Confirm Security Exception**

Add Security Exception

 You are about to override how Firefox identifies this site.
Legitimate banks, stores, and other public sites will not ask you to do this.

Server

Location: **3**

Certificate Status

This site attempts to identify itself with invalid information.

Unknown Identity

The certificate is not trusted because it hasn't been verified as issued by a trusted authority using a secure signature.

Permanently store this exception
